2018 CATALOG

PROUDLY MADE IN THE USA

Born from the specific requirements of heat transfer materials, Hotronix® has been taking the guesswork out of heat applying since the 1980s. Now stronger and more advanced than ever, Hotronix® continues to engineer and produce the world's best-selling heat presses and accessories.

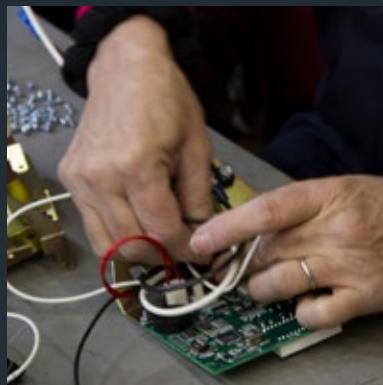

Proudly made in the USA, Hotronix® looks to the future of heat press innovation in an ever-changing industry to help your business become an efficient, profit-generating machine.

MORE THAN A HEAT PRESS

Every Hotronix® FUSION® will come equipped with the new Fusion IQ™ control board that features advanced wireless technology, letting you interact with your heat press anywhere at any time with the web-based portal. This line of technologically advanced presses provide your business with insights into job and operator performance, allowing you to make proactive, data-driven changes in real-time.

HOW DID THE WORLD'S BEST-SELLING HEAT PRESS GET EVEN BETTER?

By Adding Wireless Technology So You Can Manage Your Business From Anywhere.

TRACK HEAT PRESS USAGE

Make sure you're getting the most out of your heat press. Track how much time your heat press is working vs. sitting idle.

DISCOVER THE PRODUCTIVITY OF EACH HEAT PRESS

Access real-time reporting and adjust your production capacity as needed.

TRACK THE PERFORMANCE OF EACH EMPLOYEE

Gain insight into when and how your employees are working, if there are any application issues, and manage permissions for accurate application without added supervision.

FOLLOW TOTAL IMPRESSIONS

The Fusion IQ™ measures every preheat and every heat application so you stay up-to-date on the number of times your heat presses were engaged.

UTILIZE PRESET APPLICATIONS FOR POPULAR ITEMS

Eliminate mistakes by using factory-installed presets, or create your own to accurately apply the types of transfers and films your customers are ordering.

SET UP EXCEPTIONS

See how many times an operator went outside a preset application. Avoid production missteps to maintain the quality and durability of your products.

HOTRONIX® HEATED LOWER PLATEN

THE TOOL YOU NEED TO ELIMINATE SCORCHING

Today's fabrics are trendy, stretchy, synthetic, and heat sensitive. The Heated Lower Platen is designed to add heat to the bottom platen, allowing for a decrease in temperature on the top platen, eliminating the press box and scorch marks on heat-sensitive fabrics like polyester or spandex.

HOW IT WORKS

ELIMINATE SCORCH MARKS

Bottom heat allows for a lower application temperature on the top platen. Sensitive fabrics, like polyester and spandex, are exposed to higher heat on the inside of the fabric which eliminates the heat press box and scorch marks.

DECREASE APPLICATION TIME

Increase productivity with reduced application time. No heat printing pads, pillows, extra cover sheets, or preheating are required, so you get more done in less time.

FULLY THREADABLE

Not only is the Hotronix® Heated Lower Platen the first on the market to be fully threadable, it also converts any Hotronix® Clam into a threadable heat press when used with a Heat Press Caddie™ Stand.

HOTRONIX® HEAT PRESSES

HOTRONIX® **DUAL AIR FUSION IQ™**

PRODUCTIVITY OPTIMIZED

Built for ultimate heat printing efficiency, the Dual Air Fusion IQ™ provides the functionality of two presses with dual 16" x 20" workstations. Program the press to preheat on station A and complete final application on station B, automatically adjusting time and pressure as it shuttles between workstations. It's a smooth, quiet, effortless operation controlled by the push of a button and tap of the foot pedal. Simply power on and choose between dual or independent operation.

The Dual Air Fusion IQ™ also comes standard with a Laser Alignment System, assuring your job is on target every time. The laser system seamlessly integrates into each workstation and is controlled entirely through the touch screen.

Dual Air Fusion IQ™ (2) 16" x 20" platens

240 volt • 15 amps / 3500 watts

Shipping: 410 lbs. • 45"W x 45"W x 30"H

Requires air compressor (not included) with minimum 1 horsepower and 5-gallon hold tank. Uses 3.8 CFM.

HOTRONIX® AIR FUSION IQ™

AIR POWERED FOR EFFORTLESS OPERATION

The Air Fusion IQ™ offers a two-button operation which locks the upper platen down, applying accurate, even pressure, then automatically swings open to create a heat-free workspace. Patented Auto Adjust Pressure™ automatically adjusts to the thickness of the item you're printing. Program your time to change from preheating to final application. With up to four time and pressure settings, it's not just possible – it's automatic.

Air Fusion IQ™ 16" x 20"

120 volt • 15 amps / 1800 watts

240 volt • 15 amps / 3500 watts

Shipping: 245 lbs. • 40"L x 48"W x 58"H

Requires air compressor (not included) with minimum 1/2 horsepower and 2.5-gallon hold tank. Uses 2.3 CFM.

HOTRONIX® TABLE TOP AIR FUSION IQ™

SPACE-SAVING TABLETOP DESIGN

Take everything you love about our Fusion IQ™, add the power of an air compressor, the compact size of a tabletop heat press, and you have the Table Top Air Fusion IQ™. With an upper platen that operates with the touch of a button, operator fatigue is a thing of the past.

Table Top Air Fusion IQ™ 16" x 20"

120 volt • 15 amps / 1800 watts

240 volt • 15 amps / 3500 watts

Shipping: 180 lbs. • 37"L x 24"W x 24"H

Requires air compressor (not included) with minimum 1/2 horsepower and 2.5-gallon hold tank. Uses 2.3 CFM.

HOTRONIX® FUSION IQ™

#1-SELLING HEAT PRESS WORLDWIDE

In the decorating business, it's all about customization, and that's what we had in mind when we engineered the Fusion IQ™. You can switch between the draw and swing motions depending on workspace, user preference, or garment. The touch screen technology allows you to program an unlimited number of presets. Add the compatibility of optional Quick Change Platens, and you'll be decorating more than ever.

Fusion IQ™ 16" x 20"

120 volt • 15 amps / 1800 watts

240 volt • 15 amps / 3500 watts

Shipping: 150 lbs. • 37"L x 25"W x 24"H

HOTRONIX®

AUTO OPEN CLAM - 11" X 15"

The 11" x 15" Auto Open Clam is perfect for shops with limited space. This lightweight, compact design is also a great choice for heat printing at off-site events.

Auto Open Clam 11" x 15"

120 volt • 8.3 amps / 1000 watts
240 volt • 4.5 amps / 1000 watts

Shipping: 72 lbs. • 36"L x 25"W x 21"H

HOTRONIX®

AUTO OPEN CLAM - 16" X 16"

The 16" x 16" Auto Open Clam is a popular choice and favored by many shops that print full-size transfers.

Auto Open Clam 16" x 16"

120 volt • 15 amps / 1800 watts
240 volt • 7.5 amps / 1800 watts

Shipping: 90 lbs. • 36"L x 25"W x 21"H

HOTRONIX®

AUTO OPEN CLAM - 16" X 20"

This best-selling full-size clam's large surface accommodates the application of names and numbers on jerseys, allover sublimation prints, and oversized transfers. Compatible with nearly every optional Quick Change Platen, it's also the most versatile.

Also available in a hover model

Order the Auto Open Clam as a Hover Press™, which is designed for curing inks during the DTG decorating process. Switch from Hover to Auto Open mode as needed.

Auto Open Clam 16" x 20"

120 volt • 15 amps / 1800 watts
240 volt • 7.5 amps / 1800 watts

Shipping: 100 lbs. • 36"L x 25"W x 21"H

Auto Open Clam Hover Press™

120 volt • 15 amps / 1800 watts
240 volt • 7.5 amps / 1800 watts

Shipping: 100 lbs. • 36"L x 25"W x 21"H

Auto Open Clam 6" x 6"

120 volt • 3 amps / 360 watts
240 volt • 1.5 amps / 360 watts

Shipping: 41 lbs. • 26)L x 15"W x 21"H

Auto Open Cap

120 volt • 4 amps / 500 watts
240 volt • 2 amps / 500 watts

Shipping: 41 lbs. • 26)L x 15"W x 21"H

HOTRONIX®

AUTO OPEN CAP

Decorate with the reliability and accuracy of our Auto Open Cap press. A cap hold-down device pulls the front of the cap taut, securing it while providing a smooth surface for heat application. Decorate a variety of cap styles with four optional Quick Change Platens.

THE MAXX® CLAM

The MAXX® is the best-selling low-cost heat press. Trust these budget-friendly machines to outperform every press in their class.

Whether you're just getting into heat printing, heat printing part time, or need a back-up press, these durable machines are the perfect partner.

The MAXX® Clam 11" x 15"

120 volt • 8.3 amps / 1000 watts
240 volt • 4.5 amps / 1000 watts

Shipping: 72 lbs. • 36" L x 25" W x 21" H

The MAXX® Clam 15" x 15"

120 volt • 10 amps / 1800 watts
240 volt • 7.5 amps / 1800 watts

Shipping: 78 lbs. • 36" L x 25" W x 21" H

The MAXX® Clam 16" x 20"

120 volt • 15 amps / 1800 watts
240 volt • 7.5 amps / 1800 watts

Shipping: 104 lbs. • 36" L x 25" W x 21" H

THE MAXX® CAP

This manually operated clamshell design is economical and easy-to-operate. The MAXX® Cap offers a digital time and temperature display, and cap hold-down device that keeps caps securely in place during heat printing.

The MAXX® Cap

120 volt • 4 amps / 500 watts
240 volt • 2 amps / 500 watts

Shipping: 41 lbs. • 26" L x 15" W x 21" H

HEAT PRESS ACCESSORIES

HOTRONIX® HEAT PRESS LASER ALIGNMENT SYSTEM

For fast, accurate, and precise placement, choose the Hotronix® Heat Press Laser Alignment System. This tabletop unit features four adjustable lasers and is compatible with any brand of heat press. Included is the Laser Alignment Wizard™, a heavy-duty, spiral-bound template that contains five popular layouts. Simply align each bulb to the guides for accurate positioning.

HOTRONIX® HEAT PRESS CADDIE™ STAND

The Heat Press Caddie™ Stand is an adjustable pedestal stand that converts any Hotronix® Auto Open or MAXX® Clam into a threadable heat press. Self-leveling casters provide portability and stability, allowing you to take advantage of mobile heat printing opportunities.

Also available in a countertop version.

HOTRONIX® HEAT PRESS CADDIE™ SHELVES

Designed to easily attach to your Hotronix® Heat Press Caddie™ or Air Fusion IQ™ pedestal stand, these sturdy, adjustable shelves keep your heat transfer products, blanks, and accessories within reach. Both trays can be rotated in either landscape or portrait position, offering you convenience and flexibility.

STAHL'S EZ WEEDING™ TABLE

The bond between a heat transfer material and its carrier lessens when heated. This patented table heats materials slightly to promote removal from the carrier, resulting in easier weeding with less material breakage.

- 20" x 36" weeding area - a full yard of weeding production
- Three temperature settings - 110°F for fine-detailed designs, up to 130°F for maximum productivity on larger jobs
- Top clamp holds materials in place while weeding
- Built-in storage compartment
- Fits most production tables and countertops

Actual Weight: 27 lbs.

Shipping Weight: 28 lbs.

Dimensions: 39"L x 27.5"W x 4"H (Closed)

Dimensions: 39"L x 27.5"W x 17"H (Open)

Shipping Dimensions: 31"L x 43"W x 8"H

HEAT PRINTING EQUIPMENT CART

Add more counter space to your shop with this heavy-duty steel cart.

Designed to hold the Dual Air Fusion IQ™, it can also be used with other heat presses, small vinyl cutters, printers, and more. Pivoting wheels allow for easy movement around shops or at events, and lock to ensure stability.

- Powder-coated, scratch-resistant, heavy-duty steel
- Holds up to 600 lbs.
- Adjustable height, from 17" to 35"
- Lockable, pivoting wheels

Actual Weight: 122 lbs.

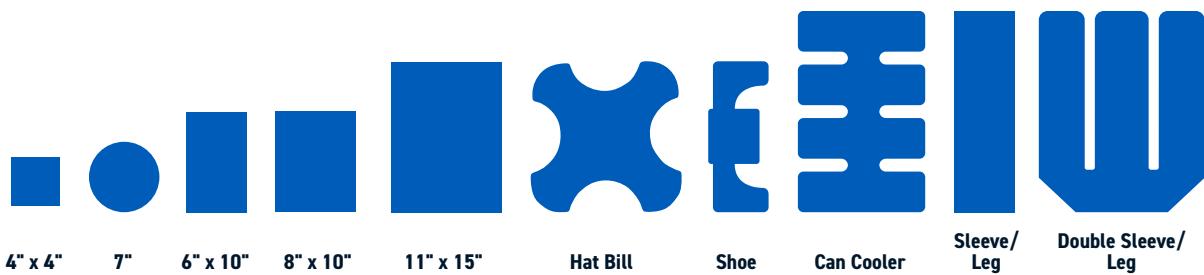

Shipping Weight: 126 lbs.

Dimensions: 37.6"L x 24"W x 17.3"H

Compatible with heat presses manufactured after 2014. Custom platens available. Call 800-727-8520 for a quote.

QUICK CHANGE PLATENS

Use interchangeable platens to decorate a wide variety of apparel and accessories.

Platens are compatible with Hotronix® and MAXX® brand presses.

4" x 4" – for small garments and accessories

7" Round – for duffle bags

8" x 10" – for tote bags

6" x 10" – for left chest & hoodie pockets

Best Value – Set of 3 (7" Round, 8" x 10", 6" x 10")

MVP 11" x 15" – for women and children's apparel

Shoe 6" x 15" – for athletic footwear

FUSION® Sleeve/Leg 6" x 20" – for long, slender items

Double Sleeve/Leg 16" x 20" – for long, slender items

Can Cooler – for 8 collapsible can coolers

Hat Bill – underside or top

INTERCHANGEABLE CAP PLATENS

Interchangeable cap platens make decorating hats easy. Whether you have a low-profile or oversized hat, we have a platen that fits. For heat press machines purchased prior to 2012, visit stahls.com.

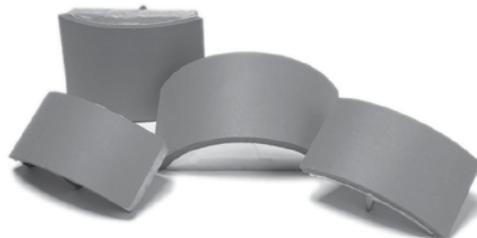

All Star 2 1/2" x 6 1/2" – for low-profile caps

Rookie 3" x 5 1/2" – for low-crown caps

Slugger 4" x 6 1/2" – for full-crown ball caps

Champ 4" x 8" – for oversized caps

Best Value – Set of 4 (1 each)

PLATEN COVERS

Quick Slip Lower Platen Protector - This fitted cover slips snugly over the bottom platen, making it easy to slide the garments on the platen. It also reduces wear and tear on the lower platen.

6" x 10"

8" x 10"

11" x 15"

15" x 15"

16" x 16"

16" x 20"

Upper Platen Cover - This fitted cover slips snugly over the upper platen, protecting it from inks, adhesives, and other residue during the heat printing process.

16" x 20"

Silicone Upper Platen Cover - Greatly reduces heat press imprint on performance wear and other heat-sensitive fabrics such as neoprene and Lycra®/spandex.

16" x 20"
